

# **In Brief: France Telecom, TPS offer HD Internet TV**

April 27 2006

---

France Telecom and TPS will offer high-definition Internet television viewing from June 1.

The French carrier and broadcaster will be collaborating to offer a number of programs including major sports events like the World Cup series.

France Telecom said the range of TPS high-definition programs that will be available on its MaLigne TV network can be seen by all household subscribers with a high-definition-ready screen from the launch date.
