

Video: Rapping biology: 'Oxidate It Or Love It'

March 1 2010

(PhysOrg.com) -- For an undergraduate course in Human Biology, instructor Tom McFadden has created a series of rap videos to explain concepts such as gene regulation and evolution.

For an undergraduate course in Human [Biology](#), instructor Tom McFadden has created a series of rap videos to explain concepts such as gene regulation and [evolution](#). His latest video, entitled "Oxidate It Or Love It" explains how metabolism works while paying homage to "Hate It Or Love It" by 50 Cent/The Game and "On To The Next One" by Jay-Z.
