Vudu will begin routing online films to Internet-linked PlayStation 3 video game consoles in the United States in a deal announced on Wednesday with Sony Computer Entertainment America.

The partnership with Vudu comes as rival [video game](#) consoles from Sony, Microsoft and Nintendo evolve into living room entertainment hubs serving up games, films, websites, and television shows.

Vudu, a six-year-old Internet firm recently bought by retail colossus [Walmart](#), will launch an on-demand movie service on PlayStation Network in the United States on November 23, according to Sony.

Vudu will stream films on demand and has a vast library of high-definition movies. An "enormous collection" of titles will be available for rental at a cost of two dollars each for two nights.

"PS3 is tailor-made for the high-quality, high-speed Vudu streaming experience," said Vudu general manager Edward Lichty.
