

128GB Wi-Drive for more sharing and storage

December 14 2012

Kingston today announced a new 128GB capacity addition to the Wi-Drive product line.

The 128GB Wi-Drive allows even more sharing on Wi-Fi enabled devices and is a perfect addition to the existing 32GB and 64GB

capacities. With integrated Wi-Fi and four hours of battery life, Kingston Wi-Drive offers easy file sharing and pocket-sized portable storage for Wi-Fi enabled devices such as [Apple iPad](#), [iPhone](#), iPod touch, Android devices, Kindle Fire and more.

The free Wi-Drive App is available for Apple devices in the App Storesm, for Android OS devices in the [Google Play App Store](#) and for Kindle Fire in the Amazon App Store. The device allows simultaneous data access and file sharing for up to three users on their preferred mobile device. Thanks to a variety of Android-based devices and their versatile user experience, users can access and share their files via web browser or the Wi-Drive App.

Kingston Wi-Drives are backed by a one-year warranty and free technical support.

More information: For more information visit the [Wi-Drive page](#).
