Microsoft announced plans Friday to release the video game sequel "Halo 5: Guardians" for the Xbox One and a "Halo" television series to be produced by Steven Spielberg in fall 2015. The next entry in the sci-fi shooter series starring super-soldier Master Chief will runs at 60 frames per second on a new engine created by "Halo" developer 343 Studios.

"Halo 4" smashed entertainment industry records by making \$300 million in its opening week in 2012.

343 Studio general manager Bonnie Ross noted that additional plans this year for the "Halo" franchise would be announced June 9 at Microsoft's presentation at the Electronic Entertainment Expo, the largest annual gathering of the [gaming industry](#).
