

Video: Can pheromones get you a date?

February 10 2015, by Michael Bernstein

Is there such a thing as love at first smell?

There are hundreds of spray-on pheromone products that claim to put you on the fast track to romance.

While pheromones are a prevalent form of [chemical communication](#) across the [animal kingdom](#), can they really help humans land a mate?

Reactions has the answers in this video.
