ESA

These 17 images from the Sentinel-2A satellite show a year of progress on the Third Bosphorus Bridge in Istanbul, Turkey.

Also known as the Yavuz Sultan Selim Bridge, the hybrid cable-stayed suspension bridge forms part of the ongoing 150 km-long Northern Marmara Highway project. With eight lanes of [motorway](#) and two rail lines, its 322 m A-shaped towers stand taller than the Eiffel Tower.

The Third Bosphorus Bridge opened on 26 August 2016.
