

Evolution: Biology teachers often fail to recognise misconceptions

February 4 2022

(Prospective) Teachers' ability to diagnose alternative student conceptions. (a) Proportion (%) of correctly diagnosed type of alternative conceptions from the preservice teachers, teachers in practical training, and in-service teachers. (b) Proportion (%) of correctly diagnosed type of alternative conceptions from the (prospective) teachers without and with experience in teaching evolution. Mean scores are displayed in the figure, and error bars represent standard errors; *p
